

The Baton Rouge Clinic, AMC
Laser & Aesthetics Department
Appointments & Office: (225) 246-9741

Sclerotherapy

Post-Treatment Instructions

1. Keep the bandage in place for 24 hours.
2. No exercise for 24 hours. Normal daily activity is fine.
3. Wear support hose for 7 days after the procedure, while awake.
4. Two treatments are almost required to obtain the desired results. The 2nd treatment can be done 6 weeks after the 1st.
5. Mild swelling of the lower legs or ankle is normal. Bruising at the injection sites is normal and should resolve within 2 weeks. Please call the office at (225) 246-9332 if pain or redness occurs.
